

# A Safe and Secure Work Environment

**WE BELIEVE IN THE HEALTH AND SAFETY OF OUR EMPLOYEES, AS WE VALUE LIFE, ABOVE ALL ELSE.**

Risk assessment and job safety analyses are mandatory at every site. Control measures include regular safety orientation programmes, safety audits, mock fire drills and toolbox talks. Monthly safety awards are given for best practices to motivate staff and enhance involvement and awareness. Our injury free track record bears testimony to our commitment to maintaining a healthy, safe and pollution-free work environment at our sites worldwide. Punj Lloyd is the only company to have been accorded five star rating by the British Safety Council and the BTC Health and Safety Award for its commendable safety practices on the BTC pipeline in Turkey.
